Explanation of product types:

We strive for perfection. We physically touch and check every product that leaves our gallery. Todd, Brad and Rachel personally sign each traditional print and canvas that leaves the gallery. We want every product that leaves the gallery to be as unique and marvelous as your experience.

Canvases

Our gallery wrapped canvases are printed to the highest quality on 100% cotton canvas. We believe our work looks best on canvas. They have UV protection in the ink. We finish all of our canvas orders with a hand-written signature by Todd, Brad or Rachel (depending on whose image it is).

Gallery Wrapped Canvas These are hand stretched around custom wood frames here at our Ludington Gallery. This is our most popular format and what the majority of the pieces on the wall are in our downtown Ludington Gallery. The most popular size of the gallery wrapped canvas is our 26.6 x 40". We create the wrap portion that you see on the sides of the canvas so the entire image is shown on the front.

Loose Canvas These will not have the additional canvas material necessary to wrap around a frame. Loose canvases require mounting onto high-density foam board & framing.

*All canvases (gallery wrap or loose) are printed off site and are shipped within 4 weeks after ordering + delivery time.

Metal Prints

These are durable metal prints with vibrant colors, brilliant luminescent images, and exceptional detail. Ultra-hard surface is waterproof/weatherproof and can be cleaned easily with a soft cloth. (Avoid direct sunlight to reduce fading over time). An electronic version of Todd, Brad or Rachel's handwritten signature is placed on the file before it is printed. Because of the nature of the material, metal prints do have glare, the amount depends on the type of light hitting them.

✿ Metal Prints are printed off site and are shipped within 4 weeks after ordering + delivery time. These metal prints may be ordered in two ways.

Metal Prints - Ready to Hang Float Mount Hangers and Rounded Corners

The Float Mount Hangers are attached to the back of the print, and float the print 1/2 inch off the wall when hung. These are READY-TO-HANG. These Metal Prints are finished as is, and no framing or glass is needed.

Metal Prints - NO Frame or Mount and SHARP corners (These REQUIRE custom framing). These metal prints are meant to be custom framed. There is NO mount on them, so as is, they will not come ready-to-hang. These REQUIRE custom framing. The corners will be sharp - as we have found this is best for framing metal prints. You will have to take them to a frame shop or mount and frame them yourself.

We recommend Rob at Timeless Picture Framing. He is now located inside our downtown Ludington gallery! Rob's phone number is 231-233-2221.

Below is one example of a custom framed metal piece.

Traditional Prints Only

Our traditional prints come printed on Luster Photo Paper. These prints require glass over the print or a laminate. You can mat AND frame them, or just frame them. We finish all of our traditional print orders with a hand-written signature by Todd, Brad or Rachel (depending on whose image it is).

- * 7, 14, 16.88, 18 and 24 inch traditional prints are shipped within 5 business days + delivery time.
- * Traditional prints larger than 24 inches are printed off site and are shipped 2-3 weeks after ordering + delivery time.

Matted Traditional Prints

Our traditional prints come printed on Luster Photo Paper. We mat several of our traditional print sizes.

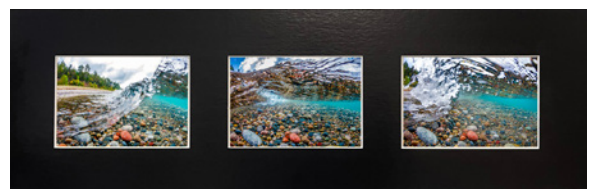

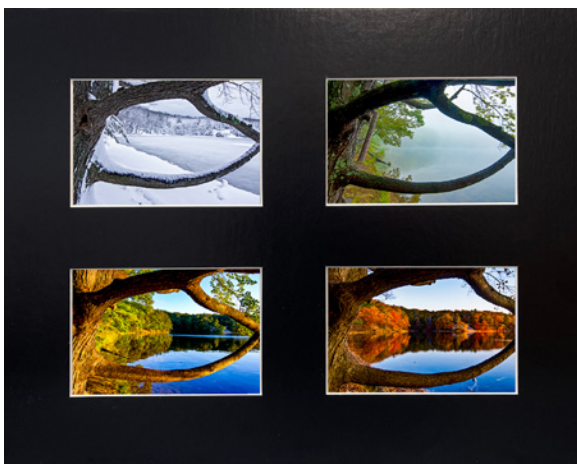

- * All matted traditional prints are shipped within 5 business days + delivery time.

- 7 prints

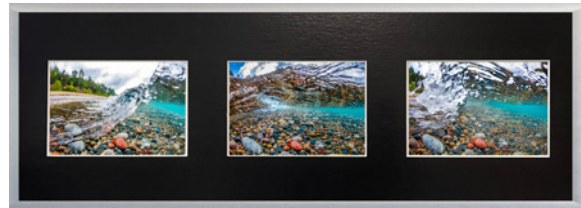

Our 4.7 x 7 inch prints can be matted in an Arctic White single mat or an Etched Onyx Black single mat. The outside dimensions of these are a standard 8 x 10", which makes it easier and more affordable to find a frame. (We do not offer framing on this size)

We also can mat any of our 4.7 x 7 inch prints into our Quad or Trio mats. These are matted in an Etched Onyx Black single mat. These are sets of photos of YOUR choosing. The only stipulation is that they have to all have the same orientation. All of the images have to be vertical OR horizontal, and they cannot be mixed. The Quad mats have four openings, and the Trio mats have three. These are fully customizable, YOU choose the images, YOU choose the placement in the mat!

We offer framing on our Quad or Trio mats! They can be framed in our brushed silver metal frame.

- 14 inch prints

Our 9.3 x 14 inch prints are double-matted in an Arctic White outer mat with German Silver inner mat. The outside dimensions of this mat are standard 16 x 20", which makes it easier and more affordable to find a frame. We do offer framing on this size! They can be framed in our brushed silver metal frame.

- 16.88 inch prints

Our 11.25 x 16.88 inch prints are matted in an Etched Onyx Black single mat. The outside dimensions of this mat are standard 16 x 20", which makes it easier and more affordable to find a frame. We do offer framing on this size! They can be framed in our brushed silver metal frame.

- 24 inch panoramic prints

Our 8 x 24 inch PANORAMIC prints are matted in an Etched Onyx Black single mat. The outside dimensions of this mat are 12 x 30. We do not offer framing on this size. We recommend Rob at Timeless Picture Framing. He is now located inside our downtown Ludington gallery! Rob's phone number is 231-233-2221.

Not every image can be ordered as a panoramic. We have a folder on the website of panoramic options. If you would like to see a full frame image cropped as a panoramic, please email us at info@toddandbradreed.com with the image name and request to see what it will look like.

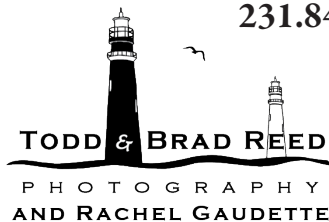

- 24 inch prints

Our 16 x 24 inch prints are matted in an Etched Onyx Black single mat. The outside dimensions of this mat are 20 x 30. We do not offer framing on this size. We recommend Rob at Timeless Picture Framing. He is now located inside our downtown Ludington gallery! Rob's phone number is 231-233-2221.

*All matted traditional prints are shipped within 5 business days + delivery time.

- All photographs are measured by their longest side.
- We measure only the photograph, not the paper or mat.
- Traditional prints use photo paper.
- All traditional prints & canvases are hand-signed by Todd, Brad, or Rachel
